

## Step 1

### Fast delivery

There must be a significant change in the delivery industry that will allow flexible delivery to be done in less than an hour.

Register now

Already have an account? [Log in](#)

View of the start window after the first start of the Flob application. To create a new user account, press the "Register now" button.

If you already have a user account in the Flob application, press the blue "Log in" under the button. See further step 16.

## Step 2

A screenshot of a mobile registration form. At the top left is a back arrow and the text "Enter your name & email". Below this are two input fields: the first contains the text "name" and the second contains "account@example.com". Below the input fields is a grey "Continue" button. Underneath the button is the text "or use" followed by three buttons: "Apple", "Google", and "Facebook". At the bottom of the screenshot is a virtual keyboard with keys for letters, numbers, and symbols.

You can create a user account by entering your name and email address.

You can also register in the application through accounts such as:

- Apple ID (step 13),
- Google (step 14)
- Facebook (step 15).

To do this, select one of the buttons shown to connect the account to the application.

### Step 3

After entering the correct data: name and email address, the gray "Continue" button will turn blue. Press it to move on.

The screenshot shows a mobile registration form titled "Enter your name & email". It features two input fields: the first contains "Tom" and the second contains "tom@flob.app". Below these fields is a prominent blue "Continue" button. Underneath the button, there is a section for social login options, including "or use", "Apple", "Google", and "Facebook". At the bottom of the form, a standard QWERTY keyboard is visible, with keys for "spacja" and "return".

### Step 4

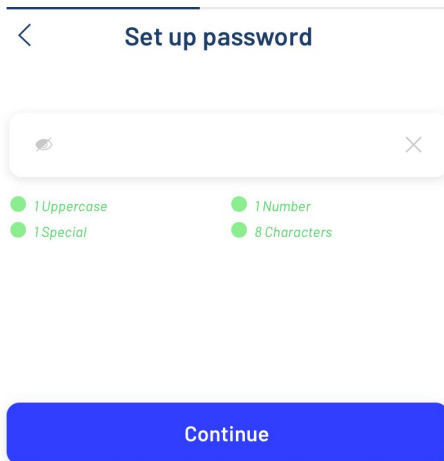

Next set a password for your user account. Your password should consist of at least:

- 8 characters,
- 1 uppercase letter,
- 1 digit,
- 1 special character.

The screenshot shows a mobile form titled "Set up password". It features a large, empty password input field. Below the field are four requirements listed with radio buttons: "1 Uppercase", "1 Number", "1 Special", and "8 Characters". At the bottom of the form is a gray "Continue" button.

## Step 5

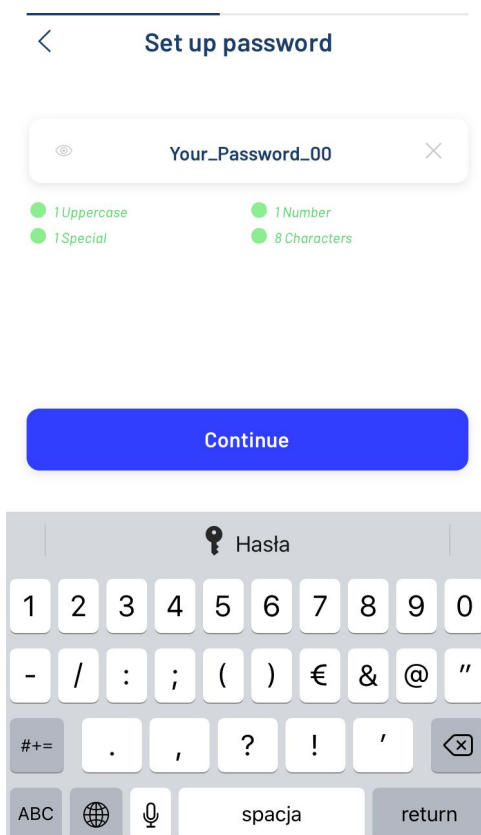

After the password has been set correctly, all the criteria listed in step 4 should be marked in green. In addition, the "Continue" button will be activated in blue.

The screenshot shows a mobile application interface for setting a password. At the top, there is a back arrow and the text "Set up password". Below this is a password input field with a lock icon on the left and a close 'X' icon on the right. Underneath the field, four criteria are listed, each with a green dot: "1 Uppercase", "1 Number", "1 Special", and "8 Characters". At the bottom of the screen is a large blue button labeled "Continue".

## Step 6

Here is one example of a password that meets all the criteria. To confirm the set password, press "Continue".

The screenshot shows the same "Set up password" screen as in Step 5. The password field now contains the text "Your\_Password\_00". The four criteria (1 Uppercase, 1 Number, 1 Special, 8 Characters) are still marked with green dots. The blue "Continue" button is visible at the bottom. Below the main screen, a portion of a keyboard is visible, showing the word "Hasła" at the top and various keys including numbers, punctuation, and a "return" key.

## Step 7

### < Accept Terms & Conditions

- \* I declare that I know and accept terms & conditions of Flob application.
- I agree to the processing of my personal data for marketing purposes and to receive commercial information from Axeline 24 Group sp.z o.o. via electronic means and by telephone.
- I agree to the processing of my personal data for marketing purposes and to receive commercial information from partners of Axeline 24 Group sp.z o.o. via electronic means and by telephone.

\* Required field

Show Terms & Conditions

Accept

To create an user account, please read the rules of the application available under the "Show rules" button.

Optionally, you can consent to the processing of your personal data for marketing purposes.

## Step 8

### < Accept Terms & Conditions

- \* I declare that I know and accept terms & conditions of Flob application.
- I agree to the processing of my personal data for marketing purposes and to receive commercial information from Axeline 24 Group sp.z o.o. via electronic means and by telephone.
- I agree to the processing of my personal data for marketing purposes and to receive commercial information from partners of Axeline 24 Group sp.z o.o. via electronic means and by telephone.

\* Required field

Show Terms & Conditions

Accept

After accepting the application regulations in point one. Press "Accept".

## Step 9

To verify your newly created user account in the Flob app, you must choose the area code and enter your mobile number.

< Set up phone number

We will send you verification code on provided number

+1 123 44455555

Continue

1	2 ABC	3 DEF
4 GHI	5 JKL	6 MNO
7 PQRS	8 TUV	9 WXYZ
+ * #	0	< x

## Step 10

After entering the number, press "Continue".

< Set up phone number

We will send you verification code on provided number

+1 1111222444

Continue

1	2 ABC	3 DEF
4 GHI	5 JKL	6 MNO
7 PQRS	8 TUV	9 WXYZ
+ * #	0	< x

## Step 11

< **Verification code**

Please enter 4 digit number that we sent to  
+4917626532673

1234

Continue

Didn't receive? [Resend](#)

1	2 ABC	3 DEF
4 GHI	5 JKL	6 MNO
7 PQRS	8 TUV	9 WXYZ
,	0	< x

After a short time you will receive an SMS with a 4-digit verification code.

If you have not received the code, make sure you have coverage of your cellular network and press "Resend". If you have any problems receiving the code, please contact [help@flob.app](mailto:help@flob.app).

## Step 12

< **Verification code**

Please enter 4 digit number that we sent to  
+4917626532673

1234

Continue

Didn't receive? [Resend](#)

1	2 ABC	3 DEF
4 GHI	5 JKL	6 MNO
7 PQRS	8 TUV	9 WXYZ
,	0	< x

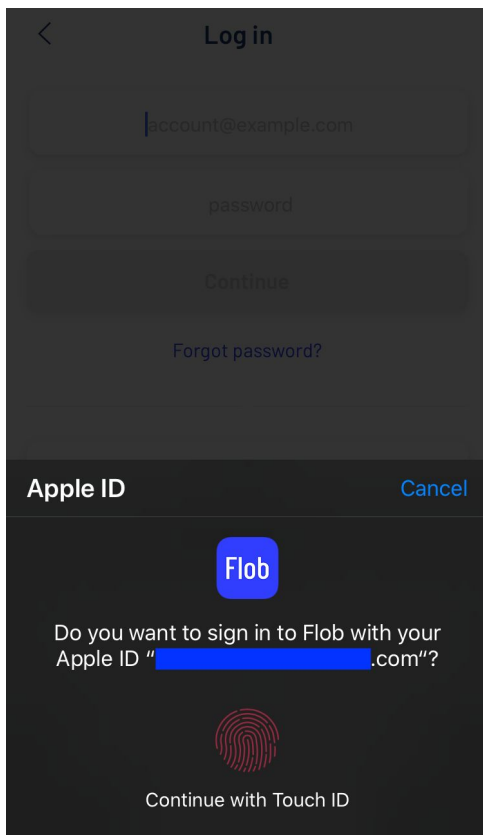

Then enter the verification code you received and press "Continue". Then go to step 18.

If you make a mistake, information about the incorrect entry of the verification code will appear in red below the code field.

**NOTE:** Remember also to verify your email address, to do this confirm by pressing the "Activate" button in the received email.

If you have not received the email, make sure it is not in the SPAM folder. Otherwise, contact [help@flob.app](mailto:help@flob.app).

## Step 13

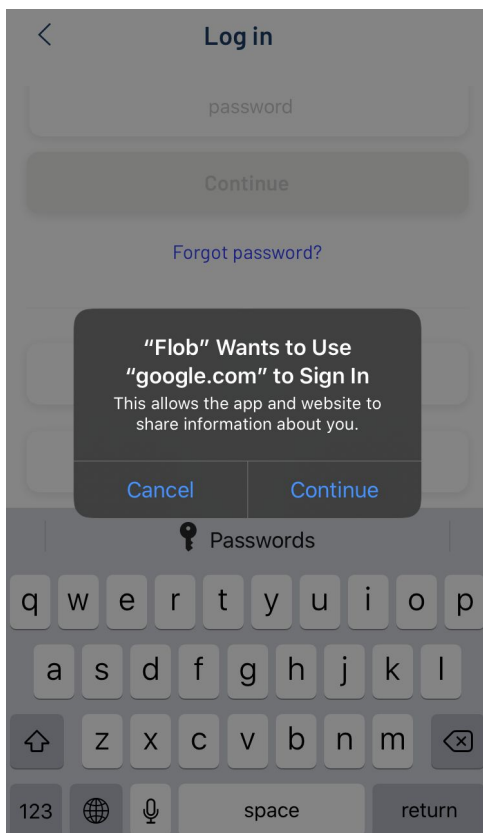

Optional: registration via Apple ID

After choosing registration by Apple ID, the user enters his email address (Apple ID login) and password. Then, after successfully logging into your account, Apple ID has the option of creating your account via Touch ID or Face ID. Next, see steps 7 to 12.

The screenshot shows logging in to an Apple ID account using Touch ID.

## Step 14

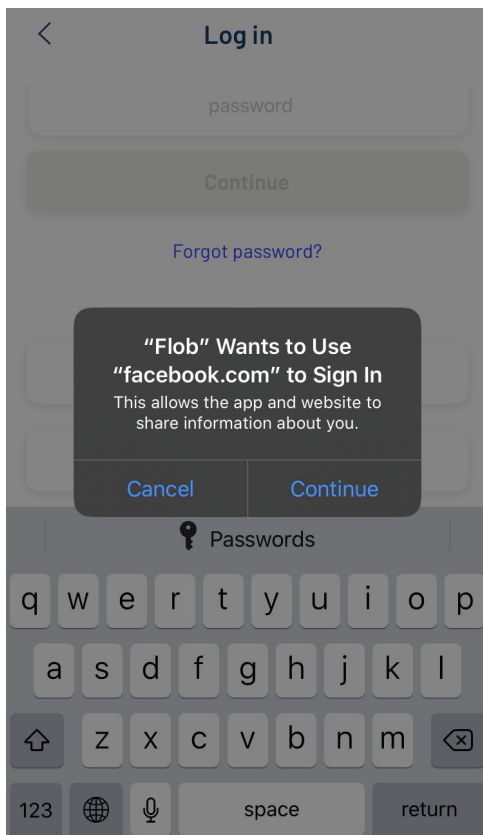

Optional: Google registration

After selecting the Google registration option, the user enters his Google account email address and associated password. Then, after correctly entering the above data, the user must press the "Continue" button. Next steps from 7 to 12.

## Step 15

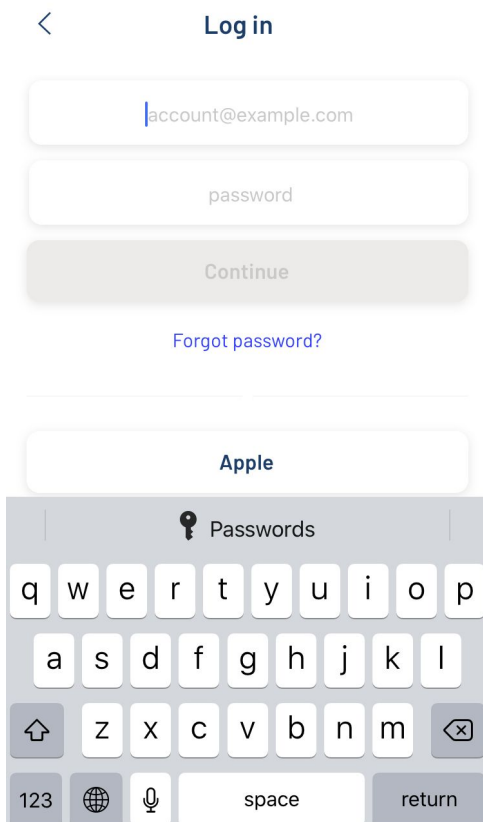

Optional: registration via Facebook

After choosing the option to register through Facebook, the user enters his e-mail address and password with which the Facebook profile is associated. Then, after correctly entering the above data, the user must press the "Continue" button. Next steps from 7 to 12.

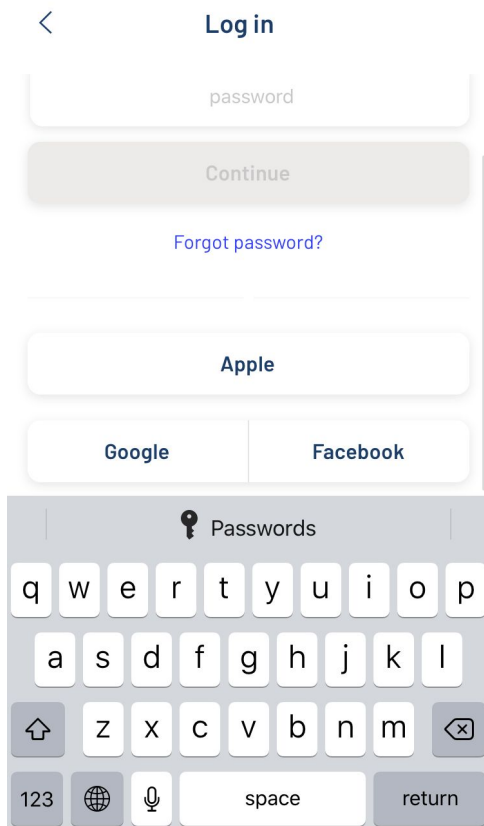

## Step 16

After creating a user account in the application, you log in using the email address registered in the Flob application and the password you set. To do this, select the "Log in" option shown in step 1.

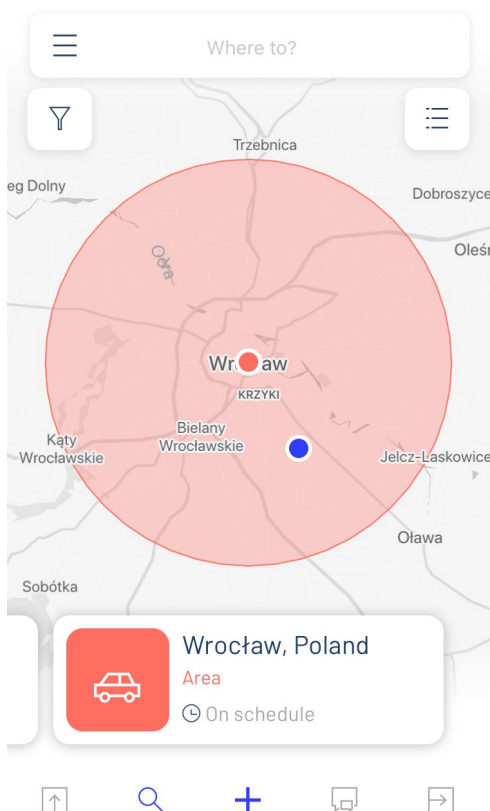

## Step 17

After connecting to the application of one of the selected Apple, Google or Facebook accounts and registering the user in the Flob application, you log in through one of the selected options.

## Step 18

Hello Flobber!

You have successfully created a user account in the Flob application. To fully complete the user registration, check your e-mail account and verify the e-mail address provided by the received link. You can now place the first announcement of a shipment or transport on the route or in a given area by pressing the "+" button.

However, before you do this, we recommend you set a profile picture (avatar) and complete the data, to do this press the button in the upper left corner of the screen in the search box "Where to?" and select the "Settings" tab from the side menu. The screen shown in the attached picture shows the main screen of the application displayed after successful registration or logging into the Flob application.
